

TOWN OF MADISON

BUILDING PERMIT APPLICATION INSTRUCTIONS

A Building Permit is required for:

- any structural footprint change on the property whether for modifying/expanding an existing structure or constructing/installing a new structure regardless of size or cost;
- any alteration of an existing structure not resulting in a footprint change but costing \$1,000 or more in materials and labor based on what a contractor would charge whether or not you do the work yourself

Applications for Building Permits (BP) and Mechanical Permits (MP) must be submitted to the Code Enforcement Officer at least 30 days prior to start of the project to allow adequate time for review and issuance of permit(s). Projects shall not start prior to issuance of the permit(s). Starting prior to receiving permits may result in a cease and desist order, removal of materials and fines up to \$275 per day.

Applicants and Contractors should review the Town of Madison's Zoning and Building Permit Ordinances prior to submitting a BP application. BP applications will be denied if the project proposed violates Zoning ordinances until a Variance for the project is granted by the Zoning Board of Adjustment. The Zoning Ordinance is available for review at the Town Office or on the Town's website at www.madison-nh.org. BP applications may also be denied pending Planning Board and Board of Selectmen review, if required.

* Depending on the project, ADDITIONAL ITEMS may be necessary before a BP may be issued including:

- Driveway Permit (for new driveways or upgrades to existing driveways including paving)
- Approval for Construction from the State of NH Department of Environmental Services for a new septic system or upgrade of an existing septic system
- Letter from a licensed septic designer indicating an existing septic system is adequate for the # of additional bedrooms proposed
- NH Residential Energy Code Application
- Class VI/Private Road Waiver of Liability Agreement
- Shoreland Impact Permit or Permit by Notification issued by the State of NH Department of Environmental Services
- Certified Boundary Plan from a licensed NH surveyor (Eidelweiss Residential District only)
- Variance granted by the Zoning Board of Adjustment
- Restrictive Covenant for an Accessory Dwelling Unit**

* Contact the Code Enforcement Officer before submitting your BP application to determine whether or not any additional information will be required

** Restrictive Covenant for the ADU must be recorded at the Carroll County Registry of Deeds and a copy provided to the Code Enforcement Officer before the Certificate of Compliance will be issued

Incomplete permit applications will not be processed until all required information and additional items are submitted. Applications are reviewed and processed in chronological order from the date received.

APPLICANT'S CHECKLIST

Property Owner: _____ Tax Map: _____ Lot: _____

THIS CHECKLIST AND ALL APPLICABLE ITEMS ASSOCIATED WITH YOUR PROJECT MUST BE SUBMITTED BEFORE THE BUILDING PERMIT WILL BE ISSUED.

(circle one)

- Did you review the Town's Zoning Ordinance, Building Permit Ordinance and Building Permit Application instructions before completing and submitting this application? YES NO
- Does your project comply with all Zoning and Building Permit Ordinance requirements? YES NO
- Will a driveway be created or improved? YES NO
 If yes, is a copy of your Driveway Permit attached? YES NO
 Will a new E-911 address be required after the driveway is installed? YES NO N/A
- Will a septic system be installed or upgraded? YES NO
 If yes, is a copy of the Approval for Construction from NH DES attached? YES NO
- Is your existing septic system adequate to handle the increased # of bedrooms? YES NO N/A
 If yes, is a letter from a NH Licensed Septic Designer attached confirming it? YES NO
- Did you submit a completed NH Residential Energy Code Application? YES NO N/A
 (required for new dwellings, additions and/or renovation projects)
- Did you submit a completed & notarized Class VI/Private Road Waiver of Liability Agreement? (for properties accessed from Class VI & private roads only) YES NO N/A
 If yes, did you submit the recording fee for the Carroll County Registry of Deeds? YES NO
- Will you create a structural footprint change within 250 feet of a water body greater than 10 acres in size? YES NO
 If yes, is a copy of your Shoreland Impact Permit or Permit by Notification from NH DES attached? YES NO
- Did you submit a certified boundary plan of your property prepared by a NH licensed surveyor? (for Eidelweiss Residential District only – accessory buildings less than 120 sqft are exempt) YES NO N/A
- Did you submit a copy of the Variance granted to you by the Zoning Board of Adjustment? (for projects non-conforming to Zoning Ordinance requirements only) YES NO N/A
- Did you submit a copy of your Restrictive Covenant* for the accessory dwelling unit? YES NO N/A
 *The Certificate of Compliance allowing occupancy will NOT be issued for the project until the Restrictive Covenant is submitted to the Town and recorded at the Registry of Deeds
- Will the structure be located on any part of your property designated as Current Use? YES NO N/A

PLOT PLAN WITH BUILDING LOCATION - FOR NEW STRUCTURES AND FOOTPRINT CHANGES TO EXISTING STRUCTURES

In the space below, draw to scale a plot plan showing the lot lines of the property and the location of the proposed new and/or altered structures and new driveway(s) on the property. Delineate distances from the closest part of the structure(s) and driveway(s) at 90 degree angles to the lot lines and center of road and from wetlands, water courses and standing bodies of water. In cases where measurements are on a slope, the distance must be measured horizontally. Refer to Madison's Zoning Ordinance Article V, Section 5.9 for minimum setback requirements.

	<p style="text-align: center;">SAMPLE</p> <p>The sample diagram shows a rectangular lot with a road at the bottom. A wetland area is in the top-left corner. A house is located in the upper-middle section, with a 75-foot vertical setback from the top lot line and a 100-foot horizontal setback from the left lot line. To the right of the house is a garage, with a 50-foot horizontal setback from the right lot line. A driveway runs vertically between the house and the garage, with a 190-foot vertical setback from the bottom lot line. A horizontal setback of 80 feet is shown from the driveway to the right lot line. A 90-degree angle is indicated at the bottom-left corner of the house's footprint.</p>
--	---

1 square = _____ feet

PERMIT FEES:

The following fees are levied to cover expenses related to time in reviewing and issuing applications and for project inspections to ensure compliance with state code and municipal ordinances. Part of these fees are also used to offset the costs of E911, assessing and tax map updates.

1. New Construction & Additions:

(A) Dwellings & Additions sq. ft. (all floors) _____ x .35 = \$ _____

(B) Garages, Barns, Porches & Decks sq. ft. (all floors) _____ x .35 = \$ _____

(C) Sheds sq. ft. _____ x .25 = \$ _____

2. Interior/Exterior Renovations to Existing Structures (no footprint change) - \$50.00 \$ _____

3. Driveway Permit (for access onto Town roads) - \$40.00 \$ _____

4. Electrical Permit* - \$30.00 \$ _____

5. Plumbing Permit* - \$30.00 \$ _____

6. Gas Piping Permit* - \$30.00 \$ _____

7. Permit Renewal for New Construction projects (one-time): \$ _____

- \$50.00 if renewed on or before the expiration date
- Renewals up to 30 calendar days after the expiration date will be calculated at \$5.00 per \$1,000 of the remaining construction costs.
- A new permit will be required for the remaining construction after 30 calendar days from the original permit's expiration date.

TOTAL PERMIT FEES \$ _____

A NON-REFUNDABLE FEE SHALL BE PAID TO THE TOWN OF MADISON WITH EACH APPLICATION FOR A BUILDING PERMIT PER ARTICLE II, SECTION 2.1 C OF THE MADISON ZONING ORDINANCE.

MECHANICAL PERMITS (ELECTRICAL, PLUMBING AND GAS PIPING) MAY BE APPLIED FOR SEPARATELY AND AT A LATER DATE FROM THE BUILDING PERMIT APPLICATION

INSPECTIONS REQUIRED:

The property owner and/or contractor(s) are responsible for scheduling the following inspections with the CEO (if applicable): **Foundation, Framing, Mechanical (electrical, plumbing, gas) and Final***

* **Final Inspection** – ALL PROJECTS – Use and/or occupancy shall not occur until the Certificate of Compliance is issued

STATEMENT OF COMPLIANCE & INFORMATION REVIEW:

I/we, the property owner(s), certify that the information supplied in this building permit application is true and accurate and is to be relied upon by the CEO and the Assessors for the Town. I/we reviewed the current Town of Madison’s Zoning and Building Permit Ordinances and certify that the construction project described in this application will comply with all state and local codes, rules and regulations.

I/we are responsible for the following actions:

- submit written notice to the CEO for review and approval of any changes to the project prior to making those changes
- grant the CEO permission to enter onto my/our property for timely inspections
- schedule applicable inspections with the CEO as the project progresses including:
Foundation, Framing, Mechanical (electrical, plumbing, gas) and Final*
- schedule a final inspection* with the CEO and receive an approved Certificate of Compliance for all permitted projects prior to use or occupancy

My/our signature(s) below indicate that I/we have reviewed each page of this application and all supporting documentation and understand and agree with the information provided. I/we further understand that false information shall be subject to fines and penalties for perjury, and failure to comply with this section constitutes reason for revocation of the issued building permit and removal of materials constructed or installed.

* I/we further understand that **ALL PROJECTS require a Final Inspection and issuance of a Certificate of Compliance (CC) before occupancy and/or use of any new structure or change to an existing structure in accordance with Article II, Section 2.1 D of the Madison Zoning Ordinance. Occupancy and/or use prior to a final inspection and receiving the CC may result in a cease and desist order; an order to remove materials constructed or installed; and fines up to \$275 per day.**
