DISCUSSION ITEMS:

Committee was unaware till the day before that Bonnie Bethune from Northeast Resource Recovery (NRRA) was planning to visit the transfer station on 1/18/19, but Chair, Paul Littlefield was able to contact members to attend.

Bonnie reviewed transfer station practices, vendors and costs with the committee and Jim Cairns. She provided Paul with an informational folder with current NRRA cost data and other information. We discussed potential future plans for the transfer station and requested that the NRRA comment and advise on our proposals. Bonnie said she would provide us with a report of her visit and will review our plans with Mike Dufur and get back to us. She made positive comments on the current transfer station set up and procedures. Committee decided to add Bonnies report to the agenda of the next meeting

Meeting adjourned at 9:54 AM.
