TOWN OF MADISON

BUILDING PERMIT APPLICATION INSTRUCTIONS

A Building Permit is required for:

- any structural footprint change on the property whether for modifying/expanding an existing structure or constructing/installing a new structure regardless of size or cost;
- any alteration of an existing structure not resulting in a footprint change but costing \$1,000 or more in materials and labor based on what a contractor would charge whether or not you do the work yourself

Applications for Building Permits (BP) and Mechanical Permits (MP) must be submitted to the Code Enforcement Officer at least 30 days prior to start of the project to allow adequate time for review and issuance of permit(s). Projects shall not start prior to issuance of the permit(s). Starting prior to receiving permits may result in a cease and desist order, removal of materials and fines up to \$275 per day.

Applicants and Contractors should review the Town of Madison's Zoning and Building Permit Ordinances prior to submitting a BP application. BP applications will be denied if the project proposed violates Zoning ordinances until a Variance for the project is granted by the Zoning Board of Adjustment. The Zoning Ordinance is available for review at the Town Office or on the Town's website at www.madison-nh.org. BP applications may also be denied pending Planning Board and Board of Selectmen review, if required.

- * Depending on the project, ADDITIONAL ITEMS may be necessary before a BP may be issued including:
 - Driveway Permit (for new driveways or upgrades to existing driveways including paving)
 - Approval for Construction from the State of NH Department of Environmental Services for a new septic system or upgrade of an existing septic system
 - Letter from a licensed septic designer indicating an existing septic system is adequate for the # of additional bedrooms proposed
 - NH Residential Energy Code Application
 - Class VI/Private Road Waiver of Liability Agreement
 - Shoreland Impact Permit or Permit by Notification issued by the State of NH Department of Environmental Services
 - Certified Boundary Plan from a licensed NH surveyor (Eidelweiss Residential District only)
 - Variance granted by the Zoning Board of Adjustment
 - Restrictive Covenant for an Accessory Dwelling Unit**
 - * Contact the Code Enforcement Officer before submitting your BP application to determine whether or not any additional information will be required
 - ** Restrictive Covenant for the ADU must be recorded at the Carroll County Registry of Deeds and a copy provided to the Code Enforcement Officer before the Certificate of Compliance will be issued

Incomplete permit applications will not be processed until all required information and additional items are submitted. Applications are reviewed and processed in chronological order from the date received.

BUILDING PERMIT APPLICANT'S CHECKLIST

Property Owner(s):	Tax Map:	Lot:
THIS CHECKLIST AND ALL APPLICABLE ITEMS ASSOCIATED WITH BE SUBMITTED BEFORE THE BUILDING PERMIT WILL BE ISSUED.		DJECT MUST
		(circle one)
Did you review the Town's Zoning Ordinance, Building Permit Ordinance and Bu Permit Application instructions before completing and submitting this application	_	YES NO
Does your project comply with all Zoning and Building Permit Ordinance require	ements?	YES NO
Will a driveway be created or improved?		YES NO

FLOOR PLAN OF BUILDING - FOR NEW STRUCTURES AND FOOTPRINT OR FLOOR PLAN CHANGES TO EXISTING STRUCTURES

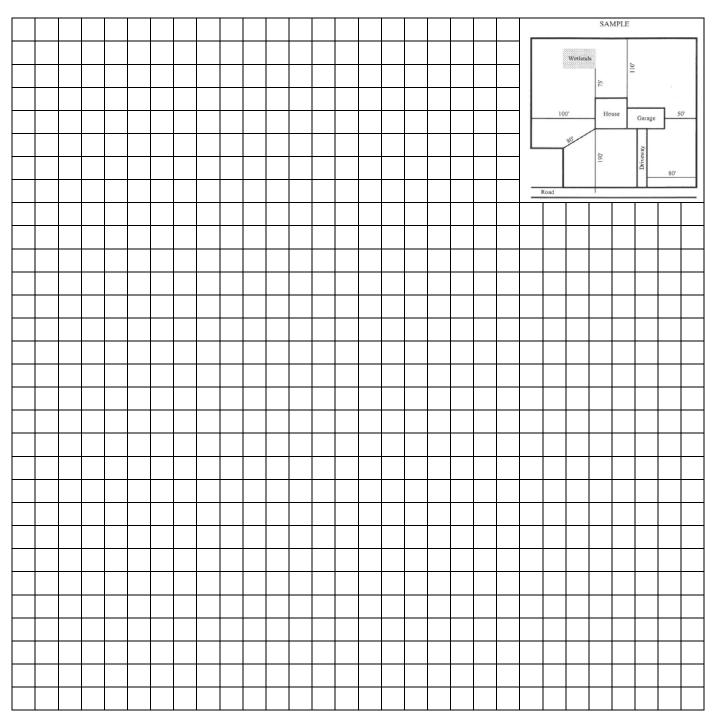

<u>For Each Floor:</u> In the space below, draw to scale a floor plan for new structures and/or changes to existing structures. Show dimensions. Use additional sheets if necessary. Project plans may be substituted for drawings.

1 square = _____ feet

<u>PLOT PLAN WITH BUILDING LOCATION</u> - FOR NEW STRUCTURES AND FOOTPRINT CHANGES TO EXISTING STRUCTURES

In the space below, draw to scale a plot plan showing the lot lines of the property and the location of the proposed new and/or altered structures and new driveway(s) on the property. Delineate distances from the closest part of the new structure(s) and driveway(s) at 90 degree angles to the lot lines and center of road and from wetlands, water courses and standing bodies of water. In cases where measurements are on a slope, the distance must be measured horizontally. Refer to Madison's Zoning Ordinance Article V, Section 5.9 for minimum setback requirements.

1 square = _____ feet

The following fees are levied to cover exproject inspections to ensure compliance used to offset the costs of E911, assessing	with state code and municipal ordina	O 11
1. New Construction & Additions:		
(A) Dwellings & Additions:	first floor sqft.	x .35 = \$
	second floor sqft.	x .35 = \$
	finished basement	x .35 = \$
(B) Porches & Decks	sqft	x .35 = \$
(C) Garages & Barns	first floor sqft.	x .35 = \$
	second floor sqft.	x .35 = \$
(D) Sheds	sqft	x .25 = \$
2. Interior/Exterior Renovations to Existi	ng Structures (no footprint change) -	\$50.00 \$
3. Driveway Permit (for access onto Town	n roads) - \$40.00	\$
4. Electrical Permit* - \$30.00		\$
5. Plumbing Permit* - \$30.00		\$
6. Gas Piping Permit* - \$30.00		\$
7. Permit Renewal for New Construction		\$
 \$50.00 if renewed on or before the Renewals up to 30 calendar days at calculated at \$5.00 per \$1,000 of the 	fter the expiration date will be	
 A new permit will be required for t 30 calendar days from the original 	•	
	TOTAL I	PERMIT FEES \$

A NON-REFUNDABLE FEE SHALL BE PAID TO THE TOWN OF MADISON WITH EACH APPLICATION FOR A BUILDING PERMIT PER ARTICLE II, SECTION 2.1 C OF THE MADISON ZONING ORDINANCE.

* MECHANICAL PERMITS (ELECTRICAL, PLUMBING AND GAS PIPING) MAY BE APPLIED FOR SEPARATELY AND AT A LATER DATE FROM THE BUILDING PERMIT APPLICATION

STATEMENT OF COMPLIANCE & INFORMATION REVIEW:	
I/we, the property owner(s), certify that the information supplied in this building permit application is true and accurate and is to be relied upon by the CEO and the Assessors for the Town. I/we reviewed the current Town of Madison's Zoning and Building Permit Ordinances and certify that the construction project described in this application will comply with all state and local codes, rules and regulations.	
I/we are responsible for the following actions:	
- submit written notice to the CEO for review and approval of any changes to the project prior to making those changes	
- grant the CEO permission to enter onto my/our property for timely inspections	
- schedule applicable inspections with the CEO as the project progresses including:	
Foundation, Framing, Mechanical (electrical, plumbing, gas) Insulation and Final*	
 schedule a Final Inspection* with the CEO and receive an approved Certificate of Compliance for all permitted projects prior to use or occupancy 	
My/our signature(s) below indicate that I/we have reviewed each page of this application and all supporting documentation and understand and agree with the information provided. I/we further understand that false information shall be subject to fines and penalties for perjury, and failure to comply with this section constitutes reason for revocation of the issued building permit and removal of materials constructed or installed.	S
* I/we further understand that <u>ALL PROJECTS</u> require a Final Inspection and issuance of a Certificate of Compliance (CC) <u>before</u> occupancy and/or use of any new structure or change to an existing structure in accordance with Article II, Section 2.1 D of the Madison Zoning Ordinance. Occupancy and/or use prior to a final inspection and receiving the CC may result in a cease and desist order; an order to remove materials constructed or installed; and fines up to \$275 per day.
